INTERVIEW SUMMARY

Director of the United States Patent
and Trademark Office
P.O. Box 1450
Alexandria, Virginia 22313-1450

Dear Sir:

On February 14, 2008, Examiner Mark Shibuyer and Martha Cassidy, Applicants' representative, held a telephonic interview to discuss the Office Communication dated February 7, 2008. In the Continuation of Substance of Interview of this Communication, the Office states that the "Office's records would be changed to reflect that a replacement CFR is required in the application." Examiner Shibuya agreed that this statement was in error since no CRF is required in the application and the Sequence Listing had been deleted.

After checking the records at the Office, Examiner Shibuya indicated that the notice indicating that the CRF was not in compliance was still erroneously in the file. Examiner Shibuya indicated that he would attempt to have this notice removed from the file so that the case could proceed to issuance and printing.

Applicants thank Examiner Shibuya for his attention to this matter and trust that the Office records can be corrected to reflect that no sequences are contained in the application and no Sequence Listing or CRF are required in this case.

Respectfully Submitted,
